
George Vierhus is on vacation. Guest columnists will fill in during his absence.

By Neal Royer, Superintendent Campbell Elementary School District.

GEORGE VIERHUS (how is that for a good beginning?) told me several weeks ago that he was planning a trip, and he seemed a bit reluctant when he asked me to write this column for a week. I suspect that the more able talent had prior engagements. However, I do not really feel offended if I was a second or third choice.

George asked that I keep the subject light, and this pleased me because I spend more than forty hours weekly putting up a serious front for 11,200 students and more than 600 school personnel.

Also, I have had a slight urge to spill a bit of printers' ink since the time I was a cotton picking kid on a red clay farm in Alabama.

THERE IS NO intention of being serious in this column (until the last paragraph). So, let us now insert tongue-in-cheek and spend a few insane minutes dreaming about the ideal newspaper for "Anywhere U.S.A.

My qualifications for being a writer are nil, and this column filling may cost many subscribers for our good local paper.

Despite all the possibilities, let's begin with this dream paper. No obituaries would be permitted because Medicare is going to let us live forever. We can exercise smug pride in the fact that we are now going to outlive the expectancy tables of our favorite policy man.

We might well live long enough to collect Social Security, Military Pension from service in Vietnam, Industrial Retirement, Workman's Compensation, Teacher Retirement, Tax Sheltered Annuities, rebate on income tax paid last year, and the interest on our ten-dollar savings' account computed every thirty seconds.

In face, we might live long enough to qualify for the Anti-Poverty Program.

-0-

IT IS JUST reasonable to assume that we might live long enough to pay off the loan on the old car. Just think what it would be like to have two pink slips in each household.

We might finally own our own home on the land formerly inhabited by prune and apricot trees with the transition to subdivisions coming about because we would rather change than fight.

It seems reasonable to prohibit classified ads in our dream paper unless they are printed in animated cartoon format.

Signals at Winchester and Budd scheduled

Signals at Winchester and Budd are scheduled for immediate placement with the completion date set for the end of the year, according to a report made by William Wren, acting City Engineer, at an adjourned City Council meeting Oct. 20.

The signal lights will be partly traffic activated with traffic from Budd signalizing a stop on Winchester when necessary. The new signals will tie in with driving lane improvements scheduled for Budd Ave. with sidewalks, storm drain and sanitary sewers also on the drawing boards to be completed when the budget allows.

CAMPBELL BEAUTIFIED?

Other reports made during the Wednesday night meeting included one by Councilman Ed Rogers, who with Mayor Charles Rose and Councilman Robert McElroy, recently toured neighboring cities to evaluate their progress and beautification programs.

According to Rogers possible spots in Campbell which could be made more attractive included the beautification of Hamilton Ave., which project is being undertaken by the ~~Campbell Garden an in~~ Campbell Garden Club, and landscaping Winchester Blvd. and Campbell Ave.

FOUNTAINS

On Winchester Blvd. it was suggested that the southern part of the Southern Pacific right-of-way could be planted with attractive shrubbery in co-operation with Los Gatos and the railroad company.

Campbell Ave. improvements included the possibility of approaching the Campbell Union High School District with the suggestion of placing an attractive fountain and appropriate plantings on the Campbell High School corner of Winchester and Campbell avenues. Bascom Ave. was also viewed with an eye to future plantings. According to Mayor Rose the improvement of the east side of the Los Gatos Creek will have first priority.

Daylight Saving over Saturday

Campbellites are reminded that daylight saving ends Saturday. Pacific Coast residents are to turn their clocks back one hour before retiring.

It will be easier to get the kids in bed, but a lot of those who forget, will probably be late for church on Sunday.

Nursing home to be built

Senior citizens in this area will be interested to learn that a 48 bed nursing home is scheduled to be built on one acre of property located between 60 and 80 No. Union Ave. The Planning Commission has approved the application of Ballew and Sondeno for a zone change from R-1 to R-3 which opens the way for immediate construction.

According to the applicants, they intend to erect a modern, up-to-date and efficiently operated nursing home. The structure will be designed by an A.I.A. architect and will definitely enhance the entire neighborhood.

THE WINNAH!-- William Oltman, (left) local accountant, receives the Ambassador Award from James Duffield, C of C manager, for recruiting the most members in the Campbell Chamber of Commerce one day membership drive.

C of C gains members

Fifty-three business, industrial and professional men and women joined the ranks of the fatest growing Chamber of Commerce in Santa Clara County. During the "Giant Step Forward" membership drive conducted by the Campbell Chamber of Commerce, the C of C is well on the way to 300 members, reports Chamber Manager James Duffield.

The following members are the winners of the Ambassador award: William Oltmann, for most new members, and Oscar Sorenson, for the most money brought in on new members during drive.

Expressway construction creates many problems

A large group of parents invaded the City Council chambers Monday night to ask for immediate protection of their youngsters who must cross the San Tomas Expressway construction on Campbell Avenue in order to get to Cherry Lane School.

The parents, represented by Mrs. Glenn Stoops and Kenneth Sanders, told the council that they have been shunted from school officials, to the county, to the city, and that no group has given them satisfaction.

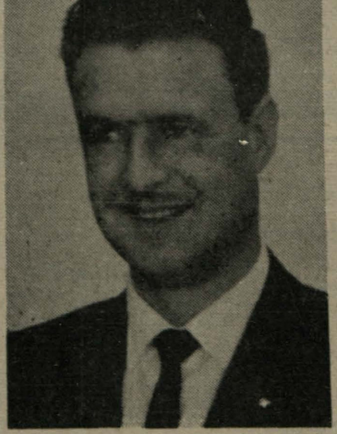
Mayor Charles Rose, after listening to the report, told the Committee.representatives, that the City would do everything possible to correct the situation. He requested that City Manager Robert Stephens contact the various agencies involved in the construction, and report back to him.

The parents were not entirely satisfied with this action, however, and demanded protection for their children immediately. Police Chief John Morgan, who was in attendance at Monday's meeting, was asked by the council to give extra police patrol to the area.

Mrs. Stoops told the Councilmen that the Campbell School District indicated this was not their problem and that the matter should be referred elsewhere. She was also told that the school district would no doubt reallign their boundaries after the first of the year so that it would not be necessary for the children to cross this four lane intersection controlled with a push-button traffic light.

At any rate, the parents are irate, and Mrs. Stoops hinted that if something isn't done to correct the situation in the next several days, the committee would consider drastic moves to call attention to the dangerous pedestrian crossing.

McElroy resigns from City Council



ROBERT McELROY

Robert McElroy, City Councilman for the past four years, has notified Mayor Rose of his resignation, effective Nov. 10. In a letter to the Mayor, McElroy said he was promoted to General Manager of Continental T.V. Inc., and has decided to move closer to San Francisco. He presently resides at 1704 Ensenada Drive.

McElroy's term expires in April. The City Council must appoint a replacement in 30 days or hold a general election, according to Robert Stephens, City Manager.

Anti-Poverty chairman named

Over 100 people attended the first meeting of the local Area 6 meeting of the Anti-Poverty program held Monday night in the Hansen School.

Elected to serve as acting chairmen for the Campbell area were Vernon R. Rutlen, 12420 Radoyka Dr., phone 252-1117 and William Ellis, 370 Calado, DR 9-4894.

Chairman of the meeting was Father Richard Pfaff of Alma College who stressed the "Three C's" of the Anti-Poverty program; community effort, coordination between agencies and co-operative effort.

Of the $50,000 allotted this area in funds for the Anti-Poverty Program, 90% is provided in federal funds with 10% expected in cash donations, service and kind.

City treasurer enters a protest

Mrs. Velma Olds, Campbell's city treasurer, called the City Council "penny wise and pound foolish" when they deposited all of the city's funds in the First Valley Bank and took their long standing accounts out of Wells Fargo and Bank of America in Campbell.

Mrs. Olds was out of town when the transfer of funds was decided upon. She signed papers sent to her by City Manager Robert Stephens, but indicated on the margin of the paper she was doing so under protest. On her return, she investigated the situation further, and made her statement to the Council at Monday night's meeting.

The City Treasurer pointed out that in order to save a very small amount of money on it's timed deposits the City is practicing poor public relations. She reminded the Council of the many times both banks have given freely of their time and advice to the City and asked "What banks will be sharing in the cost of face-lifting Campbell Avenue"?

Wells Fargo Bank, formerly the American Trust Company, was the first bank to serve the residents of Campbell in the early forties. She also pointed out that Bank of America was a national bank and Wells Fargo was a state bank. As "custodian of the people's money" she said she must protest the transfer of "all" the city's funds to First Valley Bank.

In her statement to the Council, Mrs. Olds requested that a copy of her letter be entered into the official records of the minutes of the meeting.

The letter reads as follows:

"City Council
City of Campbell

I, Velma Olds, the duly elected Treasurer of the City of Campbell, request to have this statement entered in the official records of the minutes of the meeting of said City Council, held in Campbell on October 25. That I protest the action of this City Council at their meeting of September 27, adopting the motion that this city do it's entire banking at the First Valley Bank, thereby cancelling our long-standing business with Bank of America and the Wells Fargo Bank, both of which have served this community long and well.

Because of my conscientious objection to this move, I want it duly recorded that if and when I sign any such transfer papers at the direction of this Council, or the City Manager, I do so under protest.

Velma G. Olds,
Treasurer,
City of Campbell."

Six named to W.V. committee

Six more members of its advisory committee of civic and business leaders were appointed last night by the West Valley College board of trustees, bringing the total to 27.

Newly appointed members are:

Daniel G. Fields, 1707 Clovis Ave., San Jose, chairman of the home and school clubs, Union Elementary School District.

James T. Hartigan, 293 Esther Ave., Campbell, business representative of the Plumbers and Steamfitter's Union.

Dr. Robert E. Moore 16290 Lilac Ln., Los Gatos, a dentist.

Vernon R. Rutlen, 12420 Radoyka Dr., Saratoga, a member of the governing board of the Campbell Union High School District.

Robert A. Sorensen, 973 Eden Ave., San Jose, executive assistant to County Administractor Howard Campen.

Dr. William J. Wasserman, 162 Loma Alta Ave., Los Gatos, professor of chemistry at San Jose State College.

Hamilton Ave. dividing strip curb crumbling

The Hamilton Ave. dividing strip, which was just completed the last week in September, is already crumbling and will have to be replaced, according to William Wren, acting City Engineer. Wren, who made his report at an adjourned City Council meeting Wednesday night, stated that the curbing was already crumbling and as yet tests had not yet pointed up the cause of the faulty construction.

Contractor for the cement work was Pete Cristish, who bid the job for $6,500. According to Frank Lewis, Assistant Civil Engineer for the city, the job has not yet been accepted and therefore is not paid for. It is expected that Cristish will replace the faulty work as soon as possible.

Members of the Campbell Garden Club, who are planning on planting the dividing strip in a beautifying project, will have to postpone the planting for approximately a month.

Speeding car ends up on tenant's lawn

Harry R. Silva, 20, of 256 Calado Ave., Campbell, is in satisfactory condition at County Hospital where he was admitted for observation following an accident on West Hamilton Ave.

The 20-year old construction worker suffered only cuts and bruises after his auto skidded into a parked pickup and careened off three other vehicles. His vehicle and a Corvair ended up at the doorways of startled tenants at 4515 W. Hamilton Ave. Silva's speed was estimated at between 60 and 70 miles an hour. He was cited with reckless driving.

Editorial

Let's dare to be square

Back in our grandparents' day, the word "square" was one of the finest words in our language. You gave a man a square meal when he was hungry. You stood four-square for the right, as you saw it. When you got out of debt, you were square with the world, and you could look your fellow man square in the eye.

Then a lot of strange characters got hold of this honest, wholesome word and bent it all out of shape. Now everyone knows what a square is. He is the man who never learned to get away with it. A Joe who volunteers when he doesn't have to. A guy who gets his kicks from trying to do something better than anyone else can. A boob who gets so lost in his work that he has to be reminded to go home. A slob who still gets choked up when the band plays "America the Beautiful." A square, and strictly from Squareville.

His tribe isn't thriving too well in the current climate. He doesn't fit neatly into the current group of angle players, corner cutters, sharpshooters and goof-offs. He's burdened down with old-fashioned ideas of honesty, loyalty, courage and thrift. And he may already be on his way to extinction.

He and all the rest of us are living in quite different country today from the one we were taught to love. For example, we have been gullible patrons of the idea that our ancient disciplines would be abandoned as too stark for the poor feeble souls that we are. Our colleges are loaded with youngsters who are hardly prepared for high school--cannot do simple arithmetic or spell simple words. The idea was that the dull discipline of the three R's was disturbing to little Johnny's ego.

We ought to know by now that there is no learning without discipline. But today non-books are being thrown together by non-writers who never bothered to learn how to write. Our museums are exhibiting paintings by people who never learned to paint. It used to be sort of a joke that you could not tell which was the top and which was the bottom. But recently a museum did hang a bit of modern art upside down. It was days before the error was discovered, and I still do not know how they knew.

We refer to our humor as sick, sick, sick, and it is, is, is. Mother used to get cards on Mother's Day, expressing in some way the fact that she was loved and wanted. Now she is lucky if she gets a card that shows Whistler's mother flat on her back and a caption that says, "You're not the only one who's off her rocker."

This comment, I suppose, will mark me as a square. But if it does I will be in pretty good good company. For this country was discovered, put together, fought for and saved by squares such as Nathan Hale, Patrick Henry and Paul Revere.

Arnold Toynbee, the historian, says that of 21 notable civilizations, 19 perished not from external conquest but from the evaporation of belief within. Today, our country still has a choice. I believe it has already begun to make that choice. I believe it is going back to its old beliefs in such things as ideas, pride, patriotism, loyalty, devotion and even hard work.

Sheer head-counting seems to indicate that people are beginning to struggle for better things. Twenty years ago, half of us belonged to churches. Today 63 percent of us do. Expenditures on cultural activities have increased 70 percent in the past ten years--to a total of more than three billion dollars. The percentage of our college-age population actually attending college is nine times higher than it was at the turn of the century.

And our nation has a whole new set of heroes. Named Glenn and Grissom and Shepard. Named Carpenter, Schirra and Cooper. The towns they came from have nice small names: Boulder, East Derby, New Concord, Mitchell, Oradell, Shawnee. These lads apparently lived too far from the big city and grew up to be squares. For who but a square would volunteer his life for his country's good?

They are not even ashamed of their feelings. John Glenn says he gets a funny feeling down inside when he sees the flag go by. Imagine that! He's proud of his small town, proud of his small college. Proud that he belonged to the YMCA.

I hope that some of him rubs off onto the next generation.

For the forces of conformity are still strong. Too many of us are still sitting it out instead of sweating it out. Too many of us haven't got the guts to stand up straight and dare to be square.

Northern England

European travel notes

By George Vierhus

--10/12/65--Cruising through the English countryside on the "bed and breakfast' circuit is an educational, entertaining and interesting experience.

It is also economical, an important factor to the tourist in our category on an extremely limited budget.

But the tourist needs to have his own wheels to take advantage of this novel mode of traveling. Fortunately we have.

"Bed and breakfast" is what the name implies. Inconspicuous signs on the street inform the traveler that certain residences take in guests. Some of the signs include "H and C" which means that the rooms have hot and cold water.

The rooms have invariably been clean; the people delightfully hospitable and the breakfasts delicious and filling.

Baths are available in most instances, although generally the hosts ask for a little notice in this department so that they can get the heater going.

The rolling English countryside is picturesque, green and beautiful. The weather has continued to cooperate to make the trip through the quaint villages, the bustling towns, the lush wooded areas and the farming sections that one will long remember.

The roads are excellent, even the second-ones on which we are traveling most of the time. They are narrow and winding but are all hard-surfaced. The high hedges and overhanging limbs of the trees add to the beauty and make driving pleasurable.

Of course the driver must be on his toes, especially an American who must now drive on the left side of the road instead of the right. George Hill, who heads the behind-the-wheel department of our group, has made the transition admirably. We are getting surprisingly few dirty looks or comments from fellow motorists. Much less than one gets in a few miles on the American freeways.

This, of course, could be attributed to the basic good manners of the Englishmen. Or it could be because of the international license plates on the car. Or because the steering wheel is on the left side instead of on the right as the British vehicles.

British road signs, by the way, have an accent that is truly English.

"Lay-By" indicates that an off-the-road parking spot is coming up. "Round-About" is a traffic circle. "Bend" or "Double Bend" mean curves. "Fly-over" is an overpass. "Duel Carriage-Way" is a four-lane job.

"Danger greasy road" means that fresh tar was being laid.

A red "L" on the license plate of a vehicle tells the driving public that the guy or gal behind the wheel is new at this driving business. It apparently stands for "learner". The new driver must "wear" this emblem for a six-month period, a sort of probationary term. If everything goes well after six months, it can be removed. When an "L" is spotted on a car, other drivers thus are warned.

We stayed one night in MEVAGISSEY, a quaint and ancient fishing town on the English Channel. We bedded and breakfasted at "The Gwineas" and our charming hostess was Mrs. Valerie Best. Mevagissey is in Cornwall and the Cornish people have seafaring traditions that date far back into history. They are congenial, friendly and love to talk.

Mevagissey was picked as our overnight spot because the Hills wanted to check on the possibility that there might be some distant relatives of a close friend of theirs still in the town.'

Sure enough in "The King's Arms," a popular pub in the village, the name we gave the friendly group gathered there rang a bell. However, the lone remaining person with the family name, we learned, had just died. But it provided a wonderful means of visiting with the natives. A special visit the next day to Sam Hicks, an 80-year old fountain of Mevagissey lore, was especially rewarding.

To get to the fishing village, built on hills rising from the bay with streets barely wide enough for one car to move, we took several side roads. This proved fascinating. It is doubtful that the average American tourist would have ever found them.

We wonder how many American tourists, for example, have ever taken the BODINNICK to FOWEY ferry? An experience, incidentally, we thoroughly enjoyed.

Our first night in England, after crossing the channel at Dover, was at Canterbury, the location of the world-famous Canterbury Cathedral, the seat of the Archbishop of Canterbury, the Primate of ALL England.

At Canterbury one really realizes how young America really is. Thomas Beckett was murdered there almost 800 years ago and the pilgrimmages that we learned about when we studied Chaucer took place six or seven hundred years ago.

Other spots we stayed overnight and marveled at the beauty of the ancient buildings included Arundel, Torquay and Wells.

We have found the English people courteous and extremely anxious to make our group welcome. They go out of their way to give us directions or to explain a phase of their heritage.

After the continent, it is also a welcome relief to know that the people you talk to speak your language, although there may be a phrase here and there that is not understood.

But the English monetary system still has us a little confused, although we are gradually learning it.

Probably by the time we are ready to leave, we will have it mastered.

Our own particular system of holding out our hand filled with coins and asking the person with whom we are dealing to take what he needs has obvious defects.

Tonight we have pulled into a 'bed and breakfast' residence in Oxford, the seat of the great university.

Oxford was a going concern by 1200, which sort of gives you an idea of what is meant by British heritage.

Tempus fugit.

California spent more on tourist advertising in 1964 than any other state.

TRAFFIC PROBLEMS would fade away, crime stories would not be printed, and our policemen would be kept busy giving out good conduct ribbons to little ole ladies who assist Eagle Scouts in crossing the streets.

School Board Meetings, City Council Meetings and other policy-making bodies would have to enlarge their meeting rooms because crowds would gather to cheer them on as they plan a better world for tomorrow.

There would be no stories about sit-ins, teach-ins, but much space would be devoted to productive work-ins.

Blaring headlines regarding sit-in students and Hells' Angels would have disappeared from the front page because these two groups would long ago have disappeared from the scene for voluntary service in Vietnam with the Peace Corps.

FOR THE FEW of you who are still with me to the bitter end, I have the following serious comments. We have the climate, resources, leadership, potential and the needed assets in Campbell to become the garden spot of the world.

We have the greatest group of youngsters in the world, and teaching in Campbell brings about a feeling of satisfaction which causes most of our days to be very good. However, the time may well be at hand when we should stand to be counted on many vital issues rather than wait for Sacramento and Washington, D. C. to decide our fate.

Letters to the Editor

PROTESTS LATIMER CLOSING

Dear Sir:

Recently, when the ribbon was cut on West Hamilton Ave. to give way to the traffic, many of the West Valley residents probably took a deep breath; another step of progress in our growing community.

Only a couple of weeks later, however, many residents began to wonder if a real progress had been achieved. Yes, who wouldn't. After all, if one street is opened and two others are closed, namely Latimer and Rincon, that's certainly not a step foreward.

Anyone realizes that Hamilton Ave. and Campbell Ave. won't be sufficient enough to handle the traffic in the future. Even our city-Officials argued that point. When the attempt was made to have traffic lights on the new expressway and Latimer Ave., it was refused. So what did they do? Just blocked the streets and created some more traffic hazards.

Since the land around the vicinity of San Tomas Expressway and Latimer Avenue has not been developed as yet, would it be possible to have an overpass? Yes it would be another financial burden, but it certainly wouldn't be as great as in years to come.

Another street, connecting Latimer and Hamilton or Campbell in the neighborhood of Sondra Way would help. But all the traffic will still land on Hamilton or Campbell Avenue. So we all still go around the block; housewives, students and more cars, trying to get to the Winchester Shopping Center, or the bank, or the postoffice, as well as downtown Campbell.

In the meantime, we all look back to the days when we could walk or drive the little old bridges. Yes, they were kind of narrow for the schoolbusses but they always made it and it still was by far better than what we have now--a problem!

If the city officials can't come up with a good solution, maybe they should talk with some of the officials of the "Campbell Press" since they seem to be pretty good when it comes to solving a problem.

Thank you very much.

Yours truly,

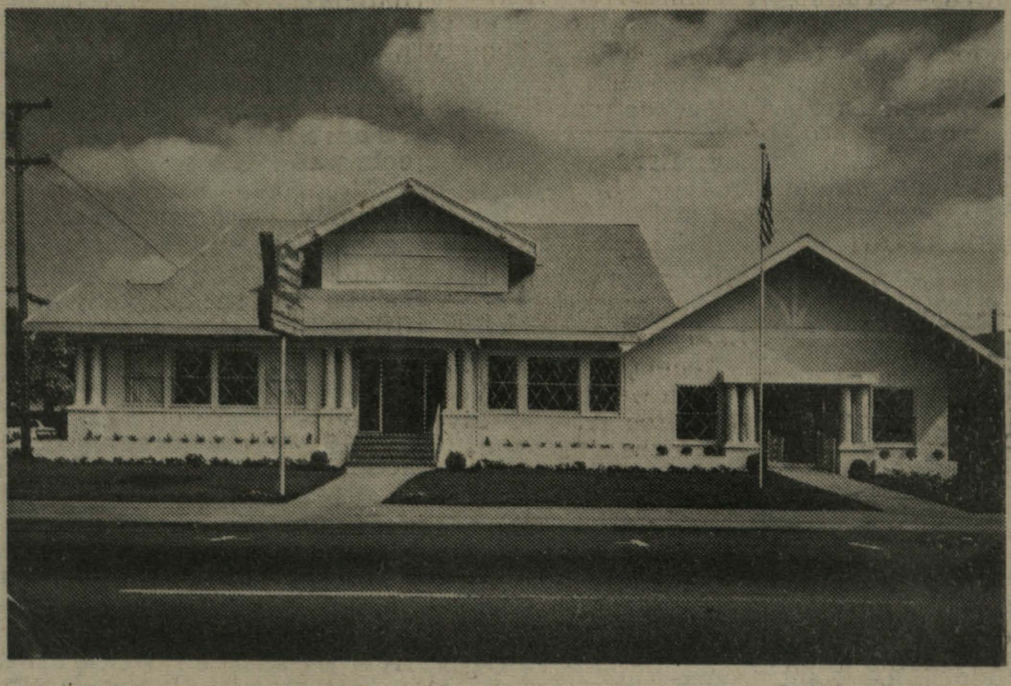
Campbell Memorial Chapel enlarged

VESTIBULE--The entrance foyer of the Campbell Memorial Chapel has been beautified with red carpeting and Mediterranean style furniture.



ENLARGED--An asset to the corner of Campbell Ave. and No. Second St. is the newly enlarged and renovated Campbell Memorial Chapel.

Downtown Campbell can be justly proud of the beautiful newly enlarged Darling, Fischer and Faber Campbell Memorial Chapel which has served the residents of this community for the past fifteen years.

Construction of a new ground level chapel, new flower room and exit foyer were completed several months ago. The enlarged parking area now makes it possible for all funerals to leave from the rear of the chapel thus alleviating the congestion of traffic on Campbell Avenue.

John Faber, funeral director, has taken an active interest in Campbell affairs. He has been a member of the Chamber of Commerce for the past ten years, and participated in numerous civic projects. In speaking of the enlargement of the Funeral Home, Faber said, "We felt Campbell, being composed of fine churches, fine schools and homes, deserved the best."

GOLDEN RULE

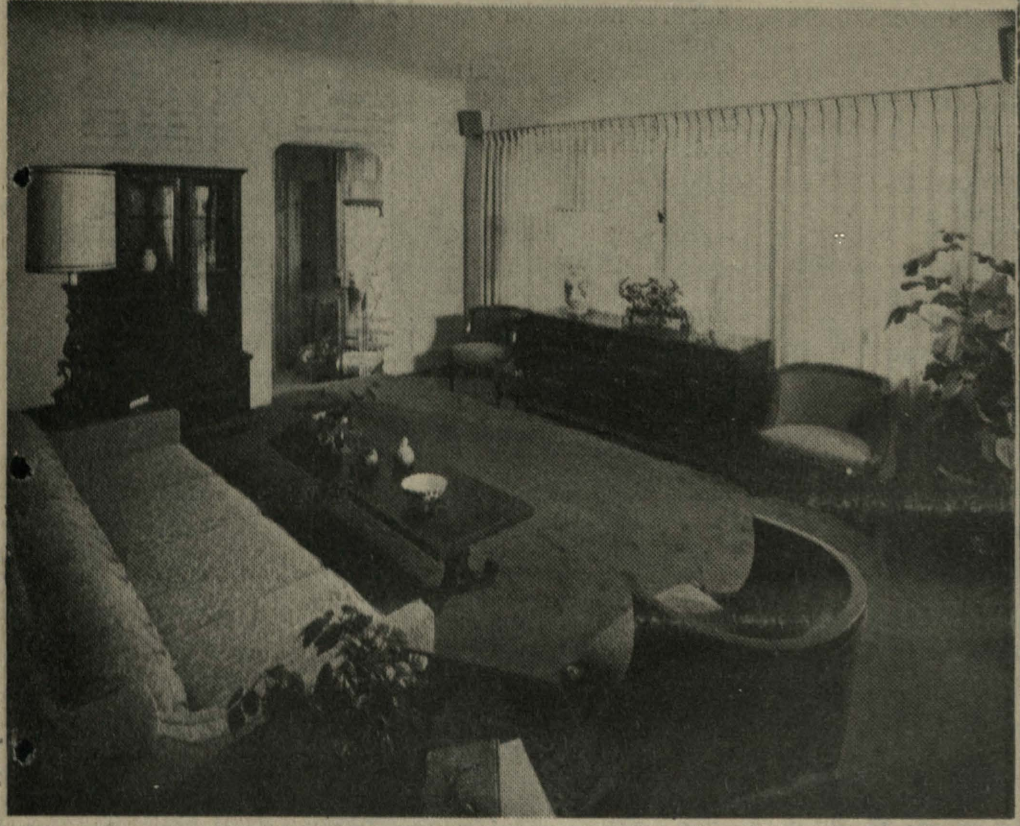
The Memorial Chapel is a member of the Order of the Golden Rule, an International Affiliation of Dependable Funeral Directors whose creed is "We pledge ourselves to serve any deserving family in time of need regardless of monetary consideration." Faber said, "We serve the people as they wish to be served."

PARTNERSHIP

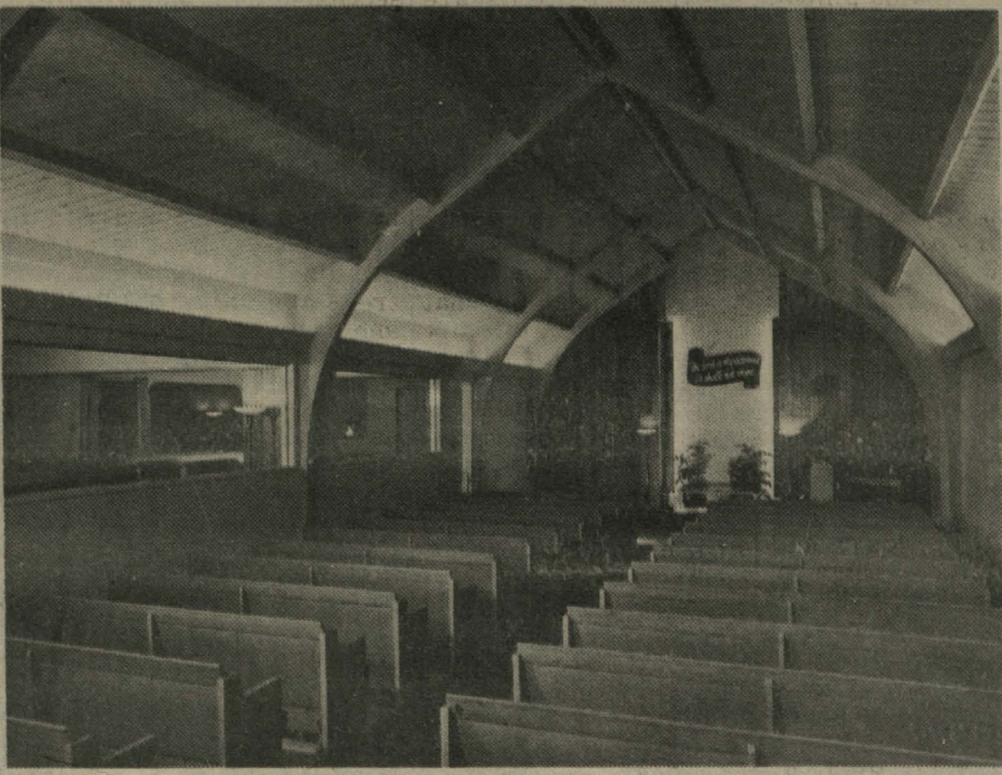
The other partners in the Campbell Memorial Chapel in addition to Faber are Clyde L. Fischer, Jack G. Fischer and Roger Darling. Darling passed away several months ago. Clyde Fischer is a member of the San Jose City Council and has been a resident of San Jose for many years. His son, Jack G. Fischer is also active in the business and professional circles of San Jose. Darling, Fischer and Faber also operate the Chapel of the Hills in Los Gatos, where John Faber and his family make their home.

COLONIAL STYLE

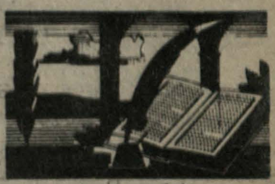
The enlargements at the Campbell Memorial Chapel have been constructed by Lew Jones Construction Co. The colonial architecture is noted in the columns supporting the roof and the red brick staircase at the entrance. Oversize double doors open into the chapel which has an exposed beam ceiling and walls of natural wood finish combined with brick. There is a private room for family mourners, adjoining the main chapel. Funeral services for all religious denominations, whether for simple ceremonies or elaborate ones can be accomodated here.



BEAUTY AND DIGNITY--are reflected in the decor of the waiting room of the Memorial Chapel where comfort and privacy are stressed.



COLONIAL STYLE CHAPEL--is available for funeral services for all denominations.



Tranquil Surroundings

CAMPBELL MEMORIAL CHAPEL

A mortuary is actually a combination of many things. It is a business office; a sanctuary; a place to receive friends; a setting for the final tribute to a loved one; and, at least in a sense, it is a family's home away from home during bereavement.

Thus, a mortuary must be very carefully arranged and decorated. It must allow privacy in which to make funeral arrangements; it must provide surroundings which are conducive to peace of mind; it must help create an air of reverence; and it must make family and friends feel as much at home and as comfortable as possible during that most trying of times.

Campbell Memorial Chapel has been expanded and remodeled to insure that it does, even more than before, perfectly suit every purpose.

Our air-conditioned facilities feature a Colonial motif, blended with the quiet atmosphere of a lovely church. The entrance foyer, the adjoining lounge, the three State Rooms, the private family foyer and exit...all assure the ultimate in comfort and privacy.

And the new chapel---the highlight of the entire building---is the perfect example of how dignity, reverence and good taste can be combined into beauty. It features pews which will seat 150 people, a wood-beam ceiling, indirect lighting, and a scroll on the front wall with the inscribed words: "The Lord is my shepherd, I shall not want."

Adjacent to the new chapel is the former chapel, which may be used for visitations, as a private family room or for small services.

The "new" Campbell Memorial Chapel is located in the hub of the West Valley area, just a few minutes' driving distance from Saratoga, San Jose, Cambrian Park and Los Gatos. In other words, it is convenient to all families throughout this area who want excellence they can afford in time of need.

You are cordially invited to stop by and see our newly remodeled facilities at any convenient time. A courteous owner or staff member is always on hand to escort you through Campbell Memorial Chapel, and to answer any questions you may have concerning our service and prices.

Our Town

Alot of us old timers look forward to the annual Los Gatos-Campbell Thanksgiving Day football game. It will be played at Los Gatos this year. MRS. BARBARA HANCOCK of the San Tomas area suggests that a post-game gathering be held for alumni and friends around a coffee urn set up somewhere on the schoolgrounds. Sounds like a fun idea!...

THE EDWARD H. RYANS of 810 Old Orchard Rd. are looking forward to a Hawaiian vacation.. They will board the SS Lurline sailing for Hawaii on Oct. 28.. MRS. BETTY PRICE of 1902 Dry Creed Rd. will exhibit her oil paintings at the San Jose Art Center during the week of Nov. 2 thru 12... EL QUITO School's Founders Day Chairman wrote "straight to the top" when she invited President Johnson to attend the PTA Founder's Day program earlier this year. She received a gracious reply too, from JACK VALENTI, special assistant to the President...

The new Cambrian Park Seventh-day Adventist church at 5265 Carter St. is nearly completed and parishioners held their first sessions on Saturday morning, Oct. 23...

INVESTIGATE FIRST is good advice before going to a movie. We took the family (including 8-year-old son) to a San Jose show Saturday night. After seeing one interesting psychological feature we had to walk out in the beginning of the second because of the shock treatment thrown at us. (Murder in the shower!) This was too much to stomach!

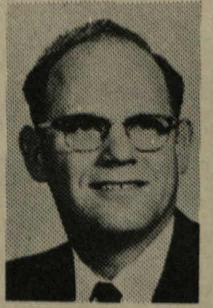
HOW TO PROTECT DRAPES & CURTAINS

by John D. Cooper



Drapes and curtains are, nowadays, a pretty expensive item in the average home. In some instances they're a downright major investment. As such they deserve all the protection you can give them.

MAJOR CAUSES OF DAMAGE AND DETERIORATION IN DRAPES AND CURTAINS ARE:

1. Sunburn -- actually, oxidation. Weakens the fabric.
2. Smoke, gasses, fumes, grime and stains. (A principal cause of permanent stains is brushing against a sweaty window.)
3. Lack of frequent cleaning speeds daterioration.

To lengthen their life and prolong their beauty, do these four things:

1. Clean or wash your drapes and curtains often. This alone will go a long way toward increasing their life span.
2. Protect them from the direct rays of the sun as much as possible.
3. Keep them from brushing against sweaty windows.
4. Restore sizing to keep them more impervious to soiling.

And remember that once the fabric in your curtains or drapes has begun to deteriorate, it's too late for mere cleaning or washing to restore it.

So let us repeat once again: CLEAN DRAPES & CURTAINS OFTEN.

AND whether it's drapes or clothes, they'll both be cleaned better when you

MR. AND MRS. RONALD JULIAN NELSON

(Paula Kirin)

Four bridal attendants attired in royal blue empire styled gowns, preceded Paula Eileen Kirin down the aisle of Campbell First Methodist Church when she became the bride of Ronald Julian Nelson last month.

The formal double ring ceremony was officiated by Rev. William Gould at 7 o'clock in the evening before a gathering of 300 friends and relatives.

For her wedding, the bride chose a white satin gown styled with bell sleeves and a long train. Her bouffant veil was elbow length and was held in place with a headpiece of flowers centered with pearls. She carried a bouquet of white carnations.

Mrs. Kathleen Huckabee, sister of the bride, served as matron of honor. Her royal gown was accented with white accessories and a bouquet of white carnations. Bridesmaids were Miss Ann Marie Ventura of San Jose and Mrs. Donna Love of San Jose. Debra Nelson, sister of the bridegroom, was the junior bridesmaid. They wore matching royal blue gowns and carried bouquets of blue tinted carnations tied with white satin ribbon.

Donald Rhodes stood as best man and ushers were Phil Whiteside of Campbell, Rich Pullum of Santa Clara and David Jones Jr., of Garden Grove.

A reception followed in the church fellowship hall. A beautiful arrangement of white and blue tinted chrysanthemums flanked with candles was the centerpiece of the main buffet table. Small tables were set up around the room for guests and the bride's table was centered with a three tiered wedding cake.

The happy couple left for a honeymoon to Pacific Grove and are now making their home in Santa Clara.

Paula is the daughter of Mr. and Mrs. George Kirin of Santa Clara. She was graduated from Willow Glen High School and San Jose City College. She is employed by Firemen's Fund Insurance Co.

The bridegroom is the son of Mr. and Mrs. Julian C. Nelson of 830 Monica Lane, Campbell. After graduation from Campbell High School he attended San Jose City College and Sacramento State College where he was active on the track team. He is now employed at Fairchild Laboratories.

Campbell housewife has made career of art

"They used to milk cows in my living room." Sound rustic?

For Mrs. Sophie Pounding, home is a "dairy barn," on five acres of land, which she and her husband George have spent eighteen years decorating and refurbishing.

It is here where the versatile Campbell housewife holds classes five nights a week in "Glass Art."

The artistically minded Mrs. Pounding believes that anyone with an interest and a "good color eye" can be successful with creative work.

Her own interest in art stems from her uncle, a World War I veteran, who learned stained glass work in France.

Located at 1167 Buckman Ct. in Campbell, her home boasts articles which were collected on safaris to area junkyards. Antique hardware on the doors, and all-marble bathroom, and a rebuilt 115 year-old love seat frame have helped to turn the "dairy barn" into a valley showpiece.

Mrs. Pounding who says "I love to work with my hands" did her own upholstery work and braided the rugs while her husband "wrecked the place."

Pounding, a window decorator for thirty-five years, aided in reconverting the old farmhouse. The pair pulled wide-board flooring from the Treasure Island Building and obtained several items from the Pratt-Low mansion, among them an old fireplace.

Mrs. Pounding cut down an antique library table to make a coffee table. Her current project is a display planned for this year's "Christmas Lane" decoration program at the San Jose Civic Auditorium complex Nov. 27-30. She will exhibit resin work, a special hobby of hers. Her students' work will also be shown.

Among the items she will display are sculptured resin flowers, lamps, votive candles, pictures, molded fruits, figurines, tree ball grapes, glass mosaics, and novelty work in resin. Show times are as follows: Saturday, 2-9 p.m.; Sunday, 1-9 p.m.; Monday, 9 a.m. - 9 p.m.; Tuesday, 9 a.m. - 3 p.m.

This is the fourth year Mrs. Pounding's work has been exhibited in "Christmas Lane." She is also noted for her interests in flower-arranging, water-colors, charcoal, and pastels. She displays locally as a member of the Campbell Artists' Guild.

Mrs. Pounding creates her own patterns for her classes in glass art. These she has taught in her home for the last five years. "My classes," she commented, "offered me a very nice occupation near home after our son married. The students exchange news, ideas, and even recipes."

Almost before the echo of the last vote which spelled the death of the bracero program had faded from the House Chamber, the propaganda started which was designed to show that farmers really could get along without foreign laborers. Now this propaganda has reached a new crescendo as organized labor and apologists for the policies of Secretary of Labor Wirtz show extensive charts to prove that crops really weren't lost, that farmers are receiving more money than ever, and prices haven't been raised.

To draw a conclusion from this evidence is about like determining the results of a baseball game at the end of the third inning. The truth is that the facts are not in as yet and we won't know the full truth for at least another year.

Crop losses, though significant, were much less than expected. Actually the greatest loss of tomatoes occurred in the Merced area before Secretary Wirtz agreed to admit 18,000 braceros. 30% of the date crop was not pollinated due to a labor shortage so the date harvest will be down this winter.

1886 car lots of fresh strawberries went to waste as did 5.7 million pounds of processing berries. 10.2 million cases of white asparagus normally shipped to Germany were not canned because picking labor was not available.

According to Frank Bennett of the State Department of Agriculture, $1.2 million in wages was lost to cannery workers because asparagus was not picked for freezing. Asparagus acreage is down to 46,000 acres in California as compared to a normal 61,000 acre production - all because of uncertainties regarding labor.

The unanswered question is: "How much greater would the losses have been except for the most unusual combination of circumstances ever known in the history of California?"

Because Secretary Wirtz was late in assuring growers they would receive braceros, the tomato planting season was staggered over a long period which made it possible for available labor to be spread over that period. The normal hot spell of September didn't occur and the long, cool and frostless fall kept tomatoes from spoiling.

A "once in 75 year" rain ruined 200,000 tons of peaches and released thousands of workers for the picking of tomatoes. A 50% pear crop released more thousands.

The number of "wetbacks" apprehended almost doubled after abolition of the bracero program. More than 6,000 were apprehended in the month of September alone and for every one caught, there were probably five more on somebody's farm. Conservative estimates say there were 30,000 "wetbacks" in California fields.

In spite of all this, it was necessary to import more than 17,000 braceros!

The facts are not all in and any conclusion at this point is premature. But one fact is certain. Agriculture, still our major industry, is now in a situation where one man, the Secretary of Labor, has the personal power to make or break it. If he chooses, he can exercise the power of a Czar or a Commissar!

Vasona drained for pipeline

Boaters beware! Don't try to launch your craft on Vasona Lake for the next three weeks or so, or you'll get stuck in the mud.

County Parks and Recreation Director Bob Amyx warned fresh-water sailors that the popular small-boat preserve near Los Gatos is being partially drained starting this week. A wide expanse of mud around the shoreline will make boat launching impracticable, so the lake has been closed for boating. The rest of the heavily used County park will be open as usual, however.

Occasion for dropping the water level is an enlargement of County Sanitation District Four's Los Gatos pipeline facilities. A new pipeline will be installed parallel to the lake shore well below the normal surface level.

City reaches 70 percent of UF goal

Ledger A. Myers, Campbell United Fund campaign chairman and administrative assistant for IBM's supplies division, announces the City of Campbell has reached the 70% mark in its 1965 United Fund campaign.

Myers reports Campbell has collected $24,214 toward the local UF goal of $34,222. "We're well on our way to meeting our quota, but there still remains much work to be done before we can go 'over the top'", Myers states.

Two Campbell businesses received honors at the luncheon meeting for their outstanding employee campaigns. IBM card plant, represented by George L. Decker, IBM Club president, was presented a United Fund year bar to add to the UF bronze plaque. Card plant employees increased contributions 40% over 1964 figures. Employees of Breuner's Home Furnishings also received a year bar and recognition for their fine campaign. J. P. Dawson, sales manager, accepted the award.

W.V. Vikings welcome Gavilan on Saturday

Saturday, Oct. 30, the West Valley Vikings will host the Rams of Gavilan in an 8:00 encounter at Buck Shaw Stadium.

The Vikes hope to have a lot of tricks and not too many treats for the Rams when they come to town.

The Vikings won their third straight ball game last Friday afternoon as they completely outclassed the Menlo Oaks 28-13 on the loser's field.

The aggressive Viking squad played opportunist as they capitalized on several key pass interceptions and fumble recoveries to run up their highest point total of the season. The scintillating Vike defensive line time and again crashed through to drag down ball carriers for substantial losses. The statistics bear this out as Menlo was in reverse for most of the first half when they netted 36 yards rushing.

Coach Jones credited Jim Tyrrell and Dan Wilcox with outstanding defensive efforts and Earl Freitas for some fine running on offense. Bob Fischer showed that he hasn't lost his touch as he was on target most of the dav.

The closeness of the statistics gave no indication of the kind of game it was. Menlo acturally out-first-downed the Vikes 11-7.

The victory gave West Valley a 2-0 conference mark while Menlo is now 0-2.

Campbell meets in league play Friday

By Harvey Henselmann

Campbell High's varsity football team throttled by a fine defensive team, beat a sickly Blackford team by a score of 33-19. Campbell's defensive team did an excellent job in stopping Blackford's efforts. Campbellis defensive back, Don Hahn, did a fine job, intercepting a pass and scoring a Campbell touchdown.

Half of Campbell's touchdowns were on runs, half on passes and one on a recovered fumble.

Mike Weber picked up a Blackford fumble and ran it 25 yards for Campbell's first score. Paul Vestal, Campbell end, caught a short pass from quarterback Paske and scored. Campbell backs Steve Lobue and Dave Daneman each scored a touchdown on runs. Kent McLain, Campbell defensive back, kicked three extra points and turned in a fine defensive effort.

Campbell plays Camden this Friday. The game will be held at Campbell and will begin at 3:30 p.m.

Frosh-Soph team unbeaten

Campbell High Frosh-Soph team, sparked by the running of Chuck Hawthorne and their defensive team, clobbered the Blackford squad by a score of 26-6.

This game marks the second time this season that Campbell has been scored upon. Only two touchdowns have been scored against Campbell this year, a credit to Campbell's fine defensive team. Hawthorne turned in a fine defensive effort, running back one punt 55 yards for a touchdown.

Jim Von Herman, Campbell's defensive end also did a fine job. Jim contained Blackford's sweep and also did a fine job blocking on punt return. Campbell faces Camden on Thursday. Camden, like Leigh, is one of the hotter teams in the league. The game will be played at Campbell and will begin at 3:30.

WARRIOR OF THE WEEK
KATHY BOYD

Kathy Boyd is a Freshman this year at Westmont. She has two sisters, Pat who is nine and Bonnie who is fifteen.

Kathy is a very extraordinary person. Her talents run from acting semi-professionally to light opera. Even better than singing Kathy enjoys dancing. She studies Ballet in the winter and Jazz in the summer.

At present Kathy may be seen in the Broadway hit "L'il Abner" now playing at the Circle Star Theater. Just before doing this play, Kathy was seen in "Gypsy" produced by the San Jose Light Opera Company and "Music Man" and "Sound of Music."

Kathy is not the only talented one in the family her Mother and Father are both very active in theater and her sisters have been in plays.

Kathy is only thirteen but well on her way to fame. She first started training when she was about five years old, and plans to study with a dancer from the New York Ballet Company. Now all that remains to be said is "Good luck Kathy!"

Don's Dateline

by Carole Clark

Twirp week was from October 18-22. During the week girls had to perform certain duties. On Monday the girls had to be slaves to the boys, by carrying books and menial tasks. Tuesday was Hat Day where everyone was to wear hats. Wednesday was Clash Day, when the students wore clothes that clashed. Thursday again was Slave Day for the girls. Friday was silence to boys. The climax of the week was the annual Twirp dance held on Friday night.

Mrs. Joanne Branum, a former journalism teacher at Blackford High, is now the advisor for Del Mar's school paper, the Excelsior.

The first senior workshop was held on Oct. 20 at 8:00 p.m. in the high school cafeteria. Mr. Julius Langlo, senior counselor, talked to seniors and their parents about the requirements for entrance into colleges.

On Thursday, Oct. 21, the Seniors took their Constitution test which must be passed to graduate. The seniors were traditionally dressed in black.

Del Mar beat Blackford in the league opener Friday, Oct. 15. The mighty Don's beat Blackford 6 to 0 on Blackford's own turf. The little Don's also beat Blackford 13 to 6. On Thursday, Oct. 21, the little Don's won their third game by edging Leigh High School by a score of 12 to 6. Friday, Oct. 22, Del Mar played Leigh at Del Mar. The Leigh team took the game 6 to 0.

Senior class play next week

Campbell High School's Senior Class will present their annual class play on Thursday and Friday, Nov. 4 and 5. The play this year will be "Tea House of the August Moon." Leading parts will be played by Derek Woodhouse, Roger Langford and Pam Takanage. Tickets may be obtained from any Campbell High Senior or at the door of the auditorium on the night of the play. Admission is 90 cents.

DO-IT-YOURSELF CAR WASH

Do-it-yourself has come to the car-wash units. Now motorists can be thrifty and still have the convenience of a modern car wash, reports the National Automobile Club.

Test units have been installed in several states. For 50 cents the motorist can use a single device that hoses his car, brushes off the dirt, and washes the car with detergent. A second hose rinses the car. And for an extra ten cents the motorist can use a vacuum to clean the upholstery and carpeting.

Agriculture wage form due

Monday, Nov. 1, is the deadline date for filing a contribution return and report of agricultural wages, form DE 7003, for the third quarter of 1965, Thomas C. Clark, Auditor in Charge for the State Department of Employment in San Jose today reminded employers of agricultural workers.

Penalty and interest will be charged if the report is filed after the deadline.

Employers who need help in preparing their agricultural returns and wage reports may contact Clark at 1198 N. Fourth St., San Jose, or telephone 295-4484.

In Tournament

Verdan Zelmar of Campbell placed fourth in the recent play-off for the Los Gatos Horseshoe Club held at Oak Meadows Park, with Connie Henderson winning seven straight games for the title. Zelmar won four and lost three with 300 ringers out of 470 shoes pitched.

Placing fourth in Class B was Bob Garcia of Campbell.

BUC BANTER

BY MARY KNOWLES

On Oct. 15th Campbell suffered a slim defeat at the hands of the Leigh Longhorns. It is the opinion of many people that part of the reason for this defeat was the lack of support for the team. This lack of spirit showed up greatly at the pre-game rally.

The students in general sounded as though they couldn't care less. Last years team suffered from the loss of graduating Seniors and the loss of those students who attended Westmont High School. This year, according to Coach Mike Jones, "We have a top-flight team. . . chance to win first place." Going to the games and rallies isn't enough, you have to let the teams know that you care by giving them vocal support too.

Campbell High has a new bulletin board which is located next to Buc's Cove in front of the cafeteria. This board will be used for club notices and other things of student interest.

The Phantom Bucs have struck at Campbell High. A group of highly patriotic students have banded together to form this organization which does things such as putting "Beat Blackford" signs at the homes of Blackford students.

The Junior magazine sale ended Monday Oct. 25, with over $3300 in sales. As of Friday Oct. 22, five students have over $100.00 worth of magazines sold. These students; Jim Chamberlin, Verle Merrit, Don Russel, Bob Lee, and Jan McCall are eligible for a drawing for a free vacation anywhere in the United States during Christmas, courtesy of United Airlines.

Rehearsals are being held every night after school for the Senior play to be presented Nov. 4 and 5 at 8 p.m. in the high school auditorium. Leading actors in the play are: Pam Tokunage-Lotus Blossom, Derek Woodhouse-Col. Fisby, and Roger Langford-Sakini. John Hall, our new drama instructor, is directing the play.

The Freshman class is holding its reception tonight. The reception will start in the cafeteria with an introduction by Russel Fowler, Freshman class counselor, and a welcome by Robert Culp, Principal. After this there will be group meetings in various classrooms. The evening will be concluded with a coffee and question and answer period.

African Daisy is a favorite

If you've a penchant for plants that thrive with little care--the happy, self-sufficient kind that keep blooming whether you've time to garden or not--if you've a rock wall to decorate, a slope to cover, or if you just like to see country-fresh daisy faces, the trailing African Daisy is for you.

Lavender-pink daisies with dark blue centers spill from this perennial most of the year, setting their 2-inch blooms all along the plant. The foliage is a good, light green all year, making a soft background for the flowers a cheerful green spot in the garden when the flowers are out of bloom.

Introduced especially for California gardens, this free-blooming plant does amazingly well anywhere in our state wherever the temperature doesn't fall below 15 degrees. Gardeners on the coast are enthusiastic about the lively way it stands up to salt breezes, while in warm inland valleys it has earned a reputation for its ability to thrive in the hot summer sun.

Members of the California Association of Nurserymen give the trailing African Daisy a high rating as a slope cover, since its vigorous trailing habit of growth make it helpful in erosion control.

Trustees o.k. district study

A comprehensive study of the West Valley Junior College District, to aid in development of an overall Master Plan for best use of the several campuses which ultimately will be built, has been ordered by the district's board of trustees.

The six-months study will be made by the School Planning Laboratory of the School of Education at Stanford University at a cost to the district of $12,500. The trustees indicated that its recently enlarged Advisory Committee would undertake several major assignments in the study.

The trustees authorized purchase of two more parcels, totaling four and one-quarter acres, of its proposed 143-acre campus site at Fruitvale and Allendale Avenues in Saratoga. The purchases will bring the total acquired to date to approximately 50 acres or 35 percent of the total acreage. The parcels approved for purchase were 3.18 acres owned by Henrietta H. Saupe for a price of $32,000 and 1.09 acres owned by Etel and Bendek Hejja for $15,400, the prices for both parcels being negotiated.
